

## Title      **The Journey Begins – Fine Arts**

<b>Objective:</b>	Students will imagine, name, and visually represent a planet.
<b>Materials:</b>	<b>Any media: paint, colored pencils, mosaic, pastels, markers, etc. Paper, poster board, or canvas</b>
<b>Introduction:</b>	Play Starship Grissom Episode #1 Play the introduction video for                      episode 1.
<b>Lesson:</b>	<b>Imagine the planet they will create by reflecting on characteristics of L197 from the episode. Name the planets and determine details about it: is it like Earth, does it support life, the origin of its name, etc. Create a visual representation of the planet using the medium of choice.</b>
<b>Conclusion:</b>	<b>Students will be ready to present their planet to the class and answer questions about its characteristics.</b>
<b>Extension:</b>	<b>Put the presentation into a PowerPoint.</b>
<b>Modifications:</b>	<b>Determine basic characteristics as a class that all planets will share: e.g., It will have water, 3 major landmasses, the color of the landforms, etc.</b>
